

# Beautiful

Blue Rodeo

You are sleeping  
In a room down the hall  
And outside your window snow falls  
It's almost as beautiful  
It's almost as beautiful  
It's almost as beautiful as you

The gentle morning light  
So quiet and true  
It's almost as beautiful as you  
It's almost as beautiful  
It's almost as beautiful  
It's almost as beautiful as you

And while the world is waking  
I'll just sit here for awhile  
Cause I couldn't imagine a better time  
It's almost as beautiful  
It's almost as beautiful  
It's almost as beautiful as you
