

Beautiful

Blue Rodeo

You are sleeping
In a room down the hall
And outside your window snow falls
It's almost as beautiful
It's almost as beautiful
It's almost as beautiful as you

The gentle morning light
So quiet and true
It's almost as beautiful as you
It's almost as beautiful
It's almost as beautiful
It's almost as beautiful as you

And while the world is waking
I'll just sit here for awhile
Cause I couldn't imagine a better time
It's almost as beautiful
It's almost as beautiful
It's almost as beautiful as you
