

# Begging You To Let Me In

Blue Rodeo

Sometimes you move too slow  
Think you see it coming then bang down you go  
Then you're staring back up at a jealous man  
Who's out hunting trouble and trouble was holding your hand

Oh I've made mistakes  
But I've paid for all the trouble I've made  
All I want to do is get back to  
The way that we used to be

Alright I want you to know  
I went down hard and I came back slow  
But I'm on my feet again  
And I'm begging you to let me in  
I'm begging you to let me in

Here comes Chris with his hundred watt grin  
Waving his arms and waiting for the fun to begin  
We're downtown tripping not doing too much  
Just weaving our way through the traffic when the sun comes up

Oh I've made a mess  
And I know it's just my carelessness  
All my life is falling apart  
I've got to walk away

Alright I want you to know  
I went down hard and I came back slow  
But I'm on my feet again  
And I'm begging you to let me in  
I'm begging you to let me in

Oh I made you cry  
And I'm ashamed of that I can't deny  
All I want to do is get back to  
The way that we used to be

Alright I want you to know  
I went down hard and I came back slow  
But I'm on my feet again  
And I'm begging you to let me in

I'm begging you to let me in  
I'm begging you to let me in  
I'm begging you to let me in
