

# Head Over Heels

Blue Rodeo

Sun breaks I can't wait  
Til I'll be on my way again  
I'm sick and tired of waiting  
With nothing to do  
Watching the rain through a crack  
In the window  
It's the little things that get you through  
Like the same sun rising on me  
Is rising over you

Ohh, Walking and talking  
Like birds in the sky  
You tell your secrets  
How gracefully you lie  
Ohh, That's the way you come to me  
I'm head over heels  
And I'm always gonna be  
That's okay I love the way you come to me

I guess we're tempting fate  
A little too long it seems  
Walking in this heat  
Is just like floating in a dream  
I've been torn apart put back together  
With a couple of pieces in wrong  
I'm holding up now  
Ohh, But I won't be for long

Ohh, Tossing and turning  
Like waves in the sea  
You show myself to me  
You let me down easily  
Ohh, That's the way you come to me  
I'm head over heels  
And I'm always gonna be  
That's okay I love the way you come to me

Well I know one night together  
Won't make up for ten apart  
I am steady as rain  
Nothing ever changes in my heart  
Oh throw off the covers  
Open the window  
I don't care what we do  
I been standing for days  
And now I get to fall down with you

Tossing and turning  
Like waves in the sea  
You show myself to me  
You lie so easily  
Ohh, That's the way you come to me  
I'm head over heels  
And I'm always gonna be  
That's okay I love the way you come to me
