

## Never Too Late

Blue Rodeo

I knew it was trouble  
When you lost your direction  
You felt so tired and betrayed  
Then you started talking  
To your own reflections  
Found the right one to blame

Sometimes you just want to hide  
Make it all go away  
You still can't believe  
The price you had to pay  
And you keep on making  
All the same mistakes  
You keep on telling yourself  
That it's never too late  
No, it's never too late

You're always talking  
About your inspiration  
How much more do you need  
It's never further than  
It's never closer  
Do you always have to preach

Sometimes you just want to hide  
Make it all go away  
You still can't believe  
The price you had to pay  
And you keep on making  
All the same mistakes  
You keep on telling yourself  
That it's never too late  
No, it's never too late
