Photograph

Blue Rodeo

Started out so simple Everything so innocent and plain She was in a doorway And I was walking nowhere down the main

She whispered something softly And stepped into the light Can you help me out she said I'm a little lost tonight One day love just hits you with a flash Lights go off around you like some photograph

She said her bags were stolen All they left her was the camera on her arm She told me she was new in town Only two weeks off the farm

Why did I believe her Heaven only knows She looked into my eyes And my resolution goes One day love just hits you with a flash Leaves you staring blindly like some photograph

Pictures of two fools Laughing at the world Smiling as only good luck does Truth is you're not even looking at me girl All the time I was falling You kept on stalling Sizing up how big a fool I was

Woke up in the morning I don't think that I had been asleep too long The room was dark and empty I could see that all my clothes and money were gone

I've run out of excuses And people I can blame If she ever asked me too I'd do it all again One day love just hits you with a flash Leaves you staring blindly like some photograph
