

# Down in Flames

Blue Stahlí

Shame  
Wear the pity and the blame  
Basking in the glow  
A lovely crown of thorns

Cliche  
Overdramatic display  
An unwelcome show  
Of steady undertow

You'll make 'em watch while you go down in flames  
Self-inflicted pretty little martyr  
If forcing empathy  
Is as clever as you can be  
We'll gladly watch while you go down in flames  
Burn baby burn

Vain  
You're the Abel and the Cain  
No coincidence  
you crave an audience

Stray  
Committed to the decay  
Fake mercy pose  
And on and on it goes

You'll make 'em watch while you go down in flames  
Self-inflicted pretty little martyr  
If forcing empathy  
Is as clever as you can be  
We'll gladly watch while you go down in flames  
Burn baby burn
