

## 6 Years - 6 Nights

Blue System

Wind this rope - a second chance  
I call your name like in a trance  
Ill run to you - I would die for you  
Divided hearts - divided soul  
Im burning in a flame of hope  
Ill run to yo - I would die for you  
You can run - you can hide  
Love is like a lie  
Cant you see ?

I wait six years - six nights for you  
I give my heart, my pride - thats true  
Ill wait - Ill wait till I need you  
Ill wait - Ill wait my dreams come true  
I wait six years -six nights for sure  
I give my heart - no fight before  
Ill wait - Ill wait down in the flame  
Ill wait - Ill wait see you again

I wait six years - I wait six nights

A missing heart - a lonely sky  
Above the clouds - I hear the cry  
Ill run to you - I would die for you  
A friend you win - a friend you lose  
But baby take a broken fool  
Ill run to you - I would die for you  
You can run - you can hide  
Love is like a lie  
Cant you see ?

Please forgive my heart  
Please forgive my heart
