

Baby Believe Me

Blue System

Baby, believe me
Believe me that it's true
Baby, believe me
You know that I love you

Baby, believe me
Believe me that it's true
Baby, believe me
Oh, I know that I love you
Baby, believe me
I'll find my way back home
Baby, believe me
I don't want to be alone

Oh, every night I'm waiting for your call
Oh, every night I'm starrng at the wall
Every night my heart falls and falls
(I'm only lonely, only lonely)
Every night and every day I see you're in the mirror - you're m
y fantasy
... the words for me
(I'm only lonely, only lonely)

Baby, believe me
Believe me that it's true
Baby, believe me
Oh, I know that I love you
Baby, believe me
I'll find my way back home
Baby, believe me
I don't want to be alone
Oh, oho - I know - girl I'm gonna miss you so
Oh, oho - I know - oh I never let you go

I seek you ...
I seek you everywhere to be my girl
And now I'll give you baby all my life
(I'm only lonely, only lonely)
Oh, every time I see you're smiling face
I'm in a dream - I'm in a different space
Oh, are you ready to make love with me?
(I'm only lonely, only lonely)
