I know my love will find away  
I miss you baby - it's hard to say  
And if you love me like I am  
I'll be there - I'll be your man  
I know I hurt you - the way that I leave you  
I know I fool you tonight

Oh love can build a bridge to you  
I'm waiting baby - see what love can do  
I give my heart - just all of me  
Take all of my heart - don't set me free  
I know I hurt you - the way that I leave you  
I know I fool you tonight
