

## Everything I Own

Blue System

Do you wanna come dancing, honey?  
Come take the chance of love  
Oh, don't do it too hot to stop it  
Come, call me Dr. Love

Love is a dangerous game  
Oh, gimme, gimme what I need tonight  
Come in my arms again  
Baby, my love is deep inside  
Deep inside

I'll give you everything I own  
I'll give my love, my heart, my home  
I'm tossing and turning, my heart is burning  
The rest of my life

I'll give you everything I own  
I'll give my love, my heart, my home  
Forever and ever, staying together  
The rest of my life

Rock me, baby, oh, be my lady  
Oh, let the good times in  
Now or never, never say never  
You're my everything

If we should lose the love  
The pain is in my heart, is in my soul  
In need that sweet, sweet stuff  
Oh baby, I can feel I'll lose control  
Lose control

I'll give you everything I own  
I'll give my love, my heart, my home  
I'm tossing and turning, my heart is burning  
The rest of my life

I'll give you everything I own  
I'll give my love, my heart, my home  
Forever and ever, staying together  
The rest of my life

I'll give you everything I own  
I'll give my love, my heart, my home  
I'm tossing and turning, my heart is burning  
The rest of my life

I'll give you everything I own  
I'll give my love
