

I'm The Pilot Of Your Love

Blue System

Suzanne, oh will I see you again?
I feel your love is the only one
'Cause my heart is beating just for you
I know, I know you're easy on love
I feel your heart is the only one
I will love you - I will pray
Baby, oh you make my day
You will steel my little heart
Talking dirty in the dark
I'll love you - I'll smile
Come on baby, wait a while for me
I'm the pilot of your love - oh I can't enough
Oh, do more baby - oh do more lady
I'm the pilot of your love - oh I'll need that stuff
Oh do more baby - oh do more lady
Don't take your love to town
Suzanne, oh feel my love - be my friend
I feel your love is the only one
'Cause my heart is beating, beating just for you
I know we're daytime friends and nighttime fools
I feel your love is the only one
I'll love you - I'll pray
Love is stronger every day
Oh, don't let me down again
Baby, walking hand in hand
I will love you - I'll smile
Come on, baby wait a while for me
I'm the pilot of your love - oh I can't enough
Oh, do more baby - oh do more lady
I'm the pilot of your love - oh I'll need that stuff
Oh do more baby - oh do more lady
Don't take your love to town
