

# I Want To Be Your Brother

Blue System

Sailor of my heart, sailor of my fun  
Oh, you need my stuff, oh, we're born to run  
Hear my heartbeat, hear my heartbeat  
Babe, tonight, oh, it's a love beat

In these lonely nights, oh, we'll come and go  
How do fools survive when your pain will grow?  
Hear my heartbeat, hear my heartbeat  
Babe, tonight, oh, it's a love beat

I want to be, be your brother, be your brother, girl  
I want to be your friend  
I want to be, be your brother, be your brother, girl  
Baby, come take my hand

I want to be, be your brother, be your brother, girl  
I want to be your friend  
I want to be, be your brother, be your brother, girl  
Baby, come take my hand

Sailor I don't care if you're right or wrong  
I will be there, when you're friends are gone  
Hear my heartbeat, hear my heartbeat  
Babe, tonight, it's a love beat

Sailor of your heart, oh, it's out of tune  
Oh, let us start just to [Incomprehensible] the moon  
Hear my heartbeat, hear my heartbeat  
Babe, tonight it's a love beat

I want to be, be your brother, be your brother, girl  
I want to be your friend  
I want to be, be your brother, be your brother, girl  
Baby, come take my hand

I want to be, be your brother, be your brother, girl  
I want to be your friend  
Oh, let us stay in together, girl  
Baby, come take my hand

I want to be, be your brother, be your brother, girl  
I want to be your friend  
I want to be, be your brother, be your brother, girl  
Baby, come take my hand
