

## If There Is A God In Heaven

Blue System

I was only a number, i'm the king of misery  
I was searching for lonely nights  
Oh, in a fool's man paradise  
Keep this moment forever  
But a broken heart can't smile  
I was looking like hypnotized  
But your love will turn to lies

If there is a god in heaven  
He will show me the way to your heart  
If there is a new generation  
He will tell me the way we can start

Can't you see what you're doing  
Oh i wear a broken soul  
I was stranded in nowhere land  
I was missing a helping hand  
This goodbye is forever  
Wrap your trouble in your dreams  
I'm living in memories  
Searching for my destiny
