

If There Is A God In Heaven

Blue System

I was only a number, i'm the king of misery
I was searching for lonely nights
Oh, in a fool's man paradise
Keep this moment forever
But a broken heart can't smile
I was looking like hypnotized
But your love will turn to lies

If there is a god in heaven
He will show me the way to your heart
If there is a new generation
He will tell me the way we can start

Can't you see what you're doing
Oh i wear a broken soul
I was stranded in nowhere land
I was missing a helping hand
This goodbye is forever
Wrap your trouble in your dreams
I'm living in memories
Searching for my destiny
