

It's Ecstasy

Blue System

Oh Lord, can You hear my heart?
I'm the king of wishful motions
Oh Lord, I'm poisoned all apart
And I'm living in devotion

You said no, but your heart
Is telling me yes yes yes
Can you keep a secret baby?
Can you keep it in your heart?

It's ecstasy, you're with me
Baby you are my fantasy
Oh, you're reality
Baby, when you're next to me

It's ecstasy, you're with me
Baby that means eternity
Oh, you are my energy
Baby, when you're next to me

Oh Lord, oh on the wings love
You can't see no bad tomorrow
Oh Lord, my heart is just enough
You will never get in sorrows

You said no, but your heart is
Telling me yes yes yes
Can you keep a secret baby?
Can you keep it in your heart?
