

## Little Jeannie

Blue System

When you take my love  
Baby, how I cry for you  
Love will grow .....  
Where did my tomorrow go ?  
Believe it babe or not  
Never ever let you go - when you tear me apart  
Secret love let me know - let me know

I miss you so little jeannie  
I can feel your heart - can you feel it  
Never tear apart - little jeannie  
Feel my heart is true - I miss you so  
Little jeannie baby dont go  
Youre too hot to hold my love  
Dont stop - I never ever give you up

When I sleep alone  
Secret lover heal my heart  
Face the dream - make your heart a stone  
Im a king without a crown  
Believe it babe or not  
Never ever let you go - when you tear me apart  
Secret love will let me know - let me know
