

Little Jeannie

Blue System

When you take my love
Baby, how I cry for you
Love will grow

Where did my tomorrow go ?
Believe it babe or not
Never ever let you go - when you tear me apart
Secret love let me know - let me know

I miss you so little jeannie
I can feel your heart - can you feel it
Never tear apart - little jeannie
Feel my heart is true - I miss you so
Little jeannie baby dont go
Youre too hot to hold my love
Dont stop - I never ever give you up

When I sleep alone
Secret lover heal my heart
Face the dream - make your heart a stone
Im a king without a crown
Believe it babe or not
Never ever let you go - when you tear me apart
Secret love will let me know - let me know
