Love Me On The Rocks

Blue System

My world turns blue
She went to opera, she went to school
Oh, I can't take my eyes off you
Come baby, oh we break the golden rule
She is tougher than – the rest of all
Oh, everybody needs a love to fall
Oh, man to man – heart to heart
Baby, let me know when we start

Love me on the rocks – rock me baby
Come we're making love – be my lady
Love me on the rocks – be my love tonight
Love me on the rocks – rock me baby
On the wings of love – you make me crazy
Love me on the rocks – be my love tonight

Take another night – don't bring me down
My favorite fantasy is hanging around
That's no way to say goodbey
Meet me in the world up in the sky
Oh, it's a game of love – a game for fools
The day will come – we cannot lose
Oh, man to man – heart to heart
Baby, let me know when we start

Love me on the rocks – rock me baby
