

Michael Has Gone For A Soldier

Blue System

Oh, he got a ticket to U.S.A.
Said, "Hey man, you're okay"
Gone to fight for your land
Michael understand

He got a ticket and he said
"Time for breakfast in my bed"
Baby, there's no helping hand
Michael understand

He starts to cry
Shining in his eyes
His heart will die
In the lonely falling sky

Oh, Michael is gone for a soldier
Michael has gone tonight
A suitcase is waiting, I told you
Life has lost his pride

Oh, Michael is gone for a soldier
Michael has gone tonight
A suitcase is waiting, I told you
Life has lost his pride

He shock the devil, a broken flame
Sea of dreams and no name
Oh, his heart will never mend
Michael understand

'Til the sun has left the sky
He has to kill, don't know why
Writing letters in the sand
Michael understand

He starts to cry
Shining in his eyes
His heart will die
In the lonley falling sky

Oh, Michael is gone for a soldier
Michael has gone tonight
A suitcase is waiting, I told you
Life has lost his pride

Oh, Michael is gone for a soldier
Michael has gone tonight
A suitcase is waiting, I told you
Life has lost his pride

Oh, Michael is gone for a soldier
Michael has gone tonight
A suitcase is waiting, I told you
Life has lost his pride

Michael is gone for a soldier
Michael has gone tonight

A suitcase is waiting, I told you
Life has lost his pride
