

# Silent Water

Blue System

A cold wind blow  
Baby  
Across my heart

And a heart of a clown  
Oh  
Just break apart.  
Step inside  
Love will keep you warm

Or a river to cross  
You did it with you charm.  
Oh  
Come send me an angel  
Oh  
Come send me some love

It's hard and I feel it when I fall in love.  
Silent water nights of heartache  
Silent water full of tears

I'm a man with broken heart  
Babe  
I'm lost in pain and fears.  
Silent water where we start  
Babe  
Silent water full of pride

'Til the ocean in my heart  
Babe  
Alone  
Oh  
I have cried.

I saw you in my world  
Baby  
Chooses for love

While a love is all  
No mountain is high enough.  
We restin'  
Baby  
We can't go on

Just take my hand in the lights of dawn.  
Come send me an angel  
Oh  
Come send me some love

It's more than a feeling when I fall in love.  
Silent water nights of heartache  
Silent water full of tears
