

## Sister Cool

Blue System

Down in the flame, down in the passion  
Oh, I'm a slave to love  
I play no game, it's all obsession  
Words are not enough

Oh, give me love, give me that special feeling  
Oh, give me all and let us rocking and reeling  
Oh, give me sex, give me hope for this game tonight

B-b-baby, don't be sister cool  
Oh, I'll make good love to you  
I waited every night, I waited every day  
Baby, come tell me you're making my day

B-b-baby, don't be sister cool  
I show you what a love can do  
You gave me such golden days  
You gave me such golden nights  
Slowly but surely we'll wait  
Kissing the fool, kissing the fire  
The closer we can get  
Don't break the rules of deep desire  
Sleepin' in your bed

Oh, give me a chuck, give me a sweet sensation  
Oh, give me all, I want is good vibration  
Oh, give me sex, give me love for this sweet, sweet night

B-b-baby don't be sister cool  
Oh, I'll make good love to you  
I waited every night, I waited every day  
Baby, come tell me you're making my day

B-b-baby, don't be sister cool  
I show you what a love can do  
You gave me such golden days  
You gave me such golden nights  
Slowly but surely we'll wait  
B-b-baby, don't be sister cool  
Oh, I'll make good love to you  
I waited every night, I waited every day  
Baby, come tell me you're making my day
