

## Back Some Day

Blue

When you're alone  
I want you to know  
I'll be back some day

When you're alone  
I want you to know  
I'll be back some day

It's time for me to have to go  
Away for so long  
To make our own paradise  
But dreams don't come easy you've gotta believe me  
You know this deep inside

But it's not long now  
Till I'm on my way  
I keep wishing tomorrow was yesterday  
You're my everything  
That won't disappear  
Girl you've got nothing to fear

If you're alone, I want you to know I'll be back someday  
Don't you ever let go  
Baby, hold tight through the cold lonely night  
Just wait for me till I get home  
When you're on your own  
I want you to know  
I'll be there for you, I could never let go  
I realise that you want me to stay  
But hold on  
I'll be back someday Be back someday, someday.

When I return, I wanna see  
This beautiful baby who's still loving me  
With tears in her eyes but a smile on her face  
Impatiently we'll embrace

But it's not long now  
Till' I'm on my way  
I keep praying tomorrow was yesterday  
You're my everything that won't disappear  
Girl you've got nothing to fear

If you're alone, I want you to know I'll be back someday  
Don't you ever let go  
Baby, hold tight through the cold lonely night  
Just wait for me till I get home  
When you're on your own  
I want you to know  
I'll be there for you, I could never let go  
I realise that you want me to stay  
But hold on  
I'll be back someday Be back someday, someday.

And when I go, I'll be loving you still  
Baby you will never know, just how lonely I'll feel  
You know I really gotta go, but I wish I could stay

Hold on, just hold on, I'll be back

If you're alone, I want you to know I'll be back someday  
Don't you ever let go  
Baby, hold tight through the cold lonely night  
Just wait for me till I get home  
When you're on your own  
I want you to know  
I'll be there for you, I could never let go  
I realise that you want me to stay  
But hold on  
I'll be back someday Be back someday, someday.
