

# I Wanna Know

Blue

Yeah, Blue  
Get to the floor (that's right)  
Step to the floor (you heard)  
Get to the floor (get to the floor)  
Get to the floor  
Just Dance  
First grab a lady, know what I'm saying  
Trust me

Shaped like an hourglass, hello  
What's your name and number let me know (c'mon)  
You're the baddest thing for sure (yeah, yeah)  
Shorty we should do it all tonight (that's right)  
No disrespect to you lady (no, no)  
But your walkie talk is like crazy  
You should take the time to get to know me (what, what)  
Like I said lets do it all tonight

So if you're feeling me  
Come put your hands on me (put your hands on me girl)  
And we can do this all night

I want you to leave with me tonight  
Wanna know what's going through your mind  
Is it that you want me by your side  
Is it that you know I'll treat you right  
I wanna know if you see us holding hands  
I wanna know if you see me as your man  
I wanna know everything that's on your mind  
Cause you're the baddest thing here tonight (trust me)

Got a little dough I've been saving  
On you I'm thinking about spending  
Here to the mall, walk till you fall  
Shorty we should do it all tonight  
Got plans to make you my lady (lady)  
Anything you want from me tell me (tell me)  
Just watch me work it baby  
Like I said lets do it all tonight (let's do it, c'mon c'mon)

So if you're feeling me  
Come put your hands on me  
And we can do this all night (all night)

I want you to leave with me tonight  
Wanna know what's going through your mind (I wanna know)  
Is it that you want me by your side  
Is it that you know I'll treat you right  
I wanna know if you see us holding hands  
I wanna know if you see me as your man  
I wanna know everything that's on your mind  
Cause you're the baddest thing here tonight (trust me)

Can't you see (can't you see)  
Baby you and me  
Living life together as one endlessly (endlessly)  
Cause my hopes and dreams

Are so vividly colourful  
Of painted pictures of us in love

Dance

Get to the floor (c'mon y'all)  
Get to the floor (yeah, yeah)  
Get to the floor (c'mon y'all))  
Get to the floor (just dance)  
Get to the floor (c'mon c'mon)  
You're the baddest thing up in here tonight (tonight)  
Get to the floor

I want you to leave with me tonight  
Wanna know what's going through your mind (I wanna know)  
Is it that you want me by your side  
Is it that you know I'll treat you right  
I wanna know if you see us holding hands  
I wanna know if you see me as your man  
I wanna know everything that's on your mind  
Cause you're the baddest thing here tonight (trust me)

Oh, yeah, that's right  
Super fly, millionaire  
Blue, what's up  
You're the baddest thing up in here tonight  
Baby girl you're looking outta sight  
Oh...
