

I know you've been working hard, 9 to 5
The world is bringing you down
Just know you're not alone, so what you waiting for?
Tonight, I'm taking you out

Get yourself ready, let's hit the town
Kick a little old school, boogie down
We can dance all night

Oh, baby, work it, own it
You got something special
And I want it, yeah
Cause you belong to me
If you could see you through my eyes
The perfect woman not describe
It's you, yeah
Cause you got something special to me
You do something special to me

You don't have to be insecure, tonight is war
Losing all of the doubt
Cause I know you're gonna be the one
To stand out in the crowd

Get yourself ready, let's hit the town
Kick a little old school, boogie down
We can dance all night

Oh, baby, work it, own it
You got something special
And I want it, yeah
Cause you belong to me
If you could see you through my eyes
The perfect woman not describe
It's you, yeah
Cause you got something special to me
You do something special to me

Oh, you do something special to me
Oh, I won't quit 'til you believe
'Til you believe

Oh, baby, work it, own it
You got something special
And I want it, yeah
Cause you belong to me
If you could see you through my eyes
The perfect woman not describe
It's you, yeah
Cause you got something special to me
You do something special to me (2x)
