

Crash Burn

Blues Traveler

I'm gonna ride you
Gonna ride you out like a witch on a broom
I'm gonna ride you
Gonna ride you out like a witch on a broom

It's the old give and take
And I've took again
So give me room

I'm gonna watch you
Gonna watch you fall like a tower of cards
I'm gonna watch you
Gonna watch you fall like a tower of cards

Gonna land, gonna land, gonna land, gonna land
No matter how hard

Crash burn
When will I learn
Crash burn
When will I learn

Crash burn
When will I learn
Crash burn
When will I learn
