

## Lost Me There

Blues Traveler

I've been waiting for some last stand  
To bank everything on one heroic play  
But when you're waiting for your big chance  
I've come to learn that it don't go down that way

And I'm not talking about no free ride  
I've stood by and I've watched them fade to dust  
It's not for high ideals 'cause you know I've tried  
At some point I think everybody must

And you lost me there  
What's the point of playing  
If you're trying to win and I don't care  
I can't get over and I can't get in

I wish someday that I was free and wise  
As to satisfy the justice that I crave  
The sun will set again, the sun will rise  
And in the darkness I will have to try to be brave

And you lost me there  
What's the point of playing  
If you're trying to win and I don't care  
I can't get over and I can't get in

In loving faith, I know a time will come  
When day and night both you and I will see  
If that's just a prayer then thy will be done  
It's just the way that I wanted it to be

And you lost me there  
What's the point of playing  
If you're trying to win and I don't care  
I can't get over and I can't get in
