

## Peach

Blur

Chemical waste  
Best part of the beach  
You're always the way you are  
What of that going to close you in  
You got a gaping hole in your head  
I'd let the birds nest there instead  
Aha aha aha aha

A gun in your pocket  
& hair in a locket  
Around you neck  
From the girl you once loved  
Where's she now, you've gone crazed  
You've got a gaping hole in your head  
I'd let the birds nest there instead  
Aha aha aha aha

You've got a gaping hold in your head  
I'd let the birds nest there instead [4x]  
Aha aha aha aha
