

## She's So High

Blur

I see her face  
Everyday  
I see her face  
It doesn't help me

She's so high  
She's so high  
I want to crawl all over her

I think of her  
Everyday  
I think of her  
It doesn't help me

She's so high  
She's so high  
I want to crawl all over her

She doesn't help me
