

Beauty of Suffering

Blutengel

Leiden
ist der Eintritt ins Reich des Bösen.
Es ist Zeit die Pforten
zum Reich des Bösen zu öffnen.

you and i - forever in darkness.
you are my queen of forbidden pleasures.
i need your body - your blood and bones.
i want your fear - i drink your tears.

i am the master of darkness.
i'll take you to my kingdom of flesh
you can trust me 'cause i will show you
the beauty of suffering

come into my kingdom - come into my world.

your pale sweet body put's fire in my veins.
i can smell your blood - i can smell your lust.
tonight is my night - the night without shadows.
we have nothing to hide. we celebrate our pleasures.
