Behind the Mirror (Shadow Remix)

Blutengel

Who's the man in the mirror? Who's the man inside of me? What happened to my life? Is this what I used to be?

I have strange seductive feelings I feel hunger for the night Who's the man in the mirror Can he help me out of here?

I walk on the water I never sleep at night I feel no sorrow for the lost- I feel like an newborn child I walk on the water I see colours in the sky I hear sirens call my name It's the world behind the mirror
