

# Dancing in the Light

Blutengel

You wanna go out tonight  
You put your black dress on  
Just a little make-up and the red lipstick, too  
So you're walking down the streets  
You do not feel the rain on your skin  
You go to your favourite club  
You feel like a hunter in this night

You're dancing to the music, you feel the beat  
You move your body and you feel the heat  
Everybody's looking at you tonight  
When you're dancing in the light

You're dancing to the music, you feel the beat  
You move your body and you feel the heat  
Everybody's looking at you tonight  
When you're dancing in the light

Look at me, I am the mistress of the night  
See me dancing, see me moving in the light  
You will never get me 'cos I'm dancing with myself  
I don't want you to touch me  
'cos I'm the solitary girl

Why did you not see it coming?  
You couldn't run away  
It happened so suddenly  
You couldn't speak a word

He pushed your head to the floor  
He touched you everywhere  
You taste your blood on your tongue  
You're laying naked in the rain...

You're dancing to the music, you feel the beat  
You move your body and you feel the heat  
Everybody's looking at you tonight  
When you're dancing in the light

Look at me, I am the mistress of the night  
See me dancing, see me moving in the light  
You will never get me 'cos I'm dancing with myself  
I don't want you to touch me  
'cos I'm the solitary girl

Look at me, I am the mistress of the night  
See me dancing, see me moving in the light  
You will never get me 'cos I'm dancing with myself  
I don't want you to touch me  
'cos I'm the solitary girl
