

Demon of Temptation

Blutengel

I smell your flesh
I taste your flesh
I touch your skin
your silky skin

come to me
you're my desire
you make all my dreams come true
come to me
your burning fire
all I really want is you

I kiss your lips
I drink your sweat
you're the poison sin
you're the demon of temptation
you're the demon of temptation

come to me
you're my desire
you make all my dreams come true
come to me
your burning fire
all I really want is you
you're the demon of temptation
