

# Demon of Temptation

Blutengel

I smell your flesh  
I taste your flesh  
I touch your skin  
your silky skin

come to me  
you're my desire  
you make all my dreams come true  
come to me  
your burning fire  
all I really want is you

I kiss your lips  
I drink your sweat  
you're the poison sin  
you're the demon of temptation  
you're the demon of temptation

come to me  
you're my desire  
you make all my dreams come true  
come to me  
your burning fire  
all I really want is you  
you're the demon of temptation
