

Immortal

Blutengel

I see you in my dreams and there is nothing that I wouldn't do
To be by your side, 'cause I'm the only one who cares for you.
But there are obstacles which I cannot overcome,
There are the doubts which detain me.
I wake up and I know, nothing remains forever.

Hold me, take me to heaven.
Hold me, show me your secrets.
Hold me, take me to nowhere high into the sky.
The sun is rising high and the heat will burn our skin,
We will be for good together,
Nobody can separate us until we die.

Oh, it hurts since you're away,
There are these memories of times in love
And I wish I could be there
To give you all my strength to take the cold from you,
But there are obstacles which I cannot overcome
there are the doubts which detain me.
I wake up 'cause I know, nothing remains forever

Hold me, take me to heaven.
Hold me, show me your secrets.
Hold me, take me to nowhere high into the sky.
The sun is rising high and the heat will burn our skin,
We will be for good together,
Nobody can separate us until we die.
