

No Eternity

Blutengel

You never meant to hurt me,
You never meant to make me cry,
I couldn't stand the pain inside,
You never want to let me die.

I wish I could see your face again,
I wish I could see your virgin smile
I couldn't take away your pain,
I have to pay the price

Night is coming and there's nothing left to say,
Nothing changes, everything has gone away
No eternity no hope for me and you
We close our eyes and we are fading away

I never meant to hurt you,
I never meant to make you cry,
I couldn't stand your pain inside,
I never want to let you die

I wish I could see your face again,
I wish I could see your virgin smile
I couldn't take away your pain,
I have to pay the price

Night is coming and there's nothing left to say,
Nothing changes, everything has gone away
No eternity no hope for me and you
We close our eyes and we are fading away

Hold me in your arms for the last time,
Don't let me die tonight

Night is coming and there's nothing left to say,
Nothing changes, everything has gone away
No eternity no hope for me and you
We close our eyes and we are fading away
