

## Scars

Blutengel

I see you dancing  
Dancing in the rain  
And singing a sad song  
You keep your eyes closed  
You don't wanna see anyone  
And she do not notice me

There are pictures in your head  
There are so many scars on your skin

Please don't lose yourself  
Just keep on the fight  
There are so many things one's fighting for  
Please don't lose yourself  
I know it hurts but it's ok  
I'm standing by your side  
And I will hold you tight

I hear you crying  
Crying every night  
Listening to sad songs  
You don't wanna speak to me  
You don't wanna leave your room  
You hide all the problems deep inside

Please don't lose yourself  
Just keep on the fight  
There are so many things one's fighting for  
Please don't lose yourself  
I know it hurts but it's OK  
I'm standing by your side  
And I will hold you tight
