

## Solitary Angel

Blutengel

You can see  
The night is dark and cold  
Rain is falling  
And then he appears

He's so beautiful  
And he's a wise man  
He brings the change  
Angel in human shape

"Just follow me  
Come into my world  
Believe in my sanctuary"

No more pain  
For the people on Earth  
No more wars  
He's the saviour

He brings love  
To our cold hearts  
No more fear  
Believe in his sanctuary

He's the solitary Angel  
And he's not from Heaven sent  
He tries to bring the peace to the world  
He brings salvation and he brings love  
The world still needs another leader  
And he's the only one to be  
He can see into your soul  
He leads you to a better life
