

Stranded

Blutengel

I met you in a night so dark and cold
I got lost into your eyes
You looked like an angel from the other side of the night
You touched so softly I couldn't speak a word

You put your finger on my lips
Told me not to be afraid
You kissed me and I got lost into this Kiss
I never wanted to wake up anymore

We lost ourselves
We did something wrong
Every time I close my eyes
I see the picture of your face
I try to touch you but I know
That I'm just stranded in my dreams

Every night I hear you cry
You suffer from the pain inside
I try to reach you but I know
I'm too weak to fly to you
