

## Vampire Romance Part I

Blutengel

Hat Dir eigentlich schon mal jemand gesagt wie hübsch Du bist?  
Ich kann dafür sorgen, daß Du auch hübsch bleibst, für immer."

You're running through the darkness  
We don't need no light  
You're looking for a place to hide  
We protect you from the cold  
Your life seems so meaningless  
We satisfy Your dreams  
You search for a gate to a better life  
You just need to take my hand

We try to catch you in the dark  
With a certain kind of kiss  
We invite you to the darker side  
A kingdom without light

We try to catch you in the night  
The moon shines in a different light  
We see into your fragile eyes  
No more time to cry

We try to catch you in the dark  
With a certain kind of kiss  
We invite you to the darker side  
A kingdom without light

Can't you see our burning souls  
We hide a secret deep inside  
We show you pleasures without pain  
Take our gift this night

There's so much beauty in our world  
Beauty of the night  
There's so much pleasure in our world  
Pleasure of the night  
We're drowning in a sea of blood  
Sacrifice your life  
We have the gift of eternal existence  
Sacrifice your soul
