

Get On And Ride

Bo Bice

Face to face, eye to eye
You say you love me, then you bleed me dry
You try to make me like it, you know I can't deny
You call a spade a spade baby, if it so applies

Now your heartbeat's ticking in me like a bomb that's ready to
blow

Did you see what you came to see, go ahead enjoy the show
Take your time if you're so inclined, jump on here with me
Get on and ride it in the fast lane honey
Won't you get on and ride, won't you get on and ride it now

Every day, I walk another mile
You find me guilty, but don't give me a trial
If that's the case, baby I don't mind it
This time around girl, it's your turn to ride yeah

Now your heartbeat's ticking in me like a bomb that's ready to
blow

Did you see what you came to see, go ahead enjoy the show
Take your time if you're so inclined, jump on here with me
Get on and ride it in the fast lane honey,
Won't you get on and ride it, won't you get on and ride it now

Get on and ride
Now show me what you got

Now your heartbeat's ticking in me like a bomb that's ready to
blow

Did you see what you came to see, go ahead enjoy the show
I don't mind if you take your time, jump on here with me
Get on ride it in the fast lane honey,
Won't you get on and ride it, won't you get on and ride it now

Now your heartbeat's ticking in me like a bomb that's ready to
blow

Did you see what you came to see, go ahead enjoy the show
Take your time if you're so inclined, jump on here with me
Get on ride and it in the fast lane honey,
Won't you get on and ride it, won't you get on and ride it now
