

# Nothing Without You

Bo Bice

We've been through this all before a thousand times  
Come on, come on, come on  
Tell me what's on your mind  
It doesn't matter baby what I say  
You never seem to hear me anyway

when push comes to shove  
It's never enough  
It always comes down to something  
How could I live  
Why would I try  
I could learn to live without you  
While that's a lie  
No giving in, no saying goodbye  
All comes down to one thing that all of this means nothing without yo  
u  
All of this means nothing without you

I thought I saw you reach out  
Thought I thought you tried  
Waiting here for something, nothing's all I find  
Kneeling at your alter standing on the shore  
Writing now to listen, I'm outside your door

when push comes to shove  
It's never enough  
It always comes down to something  
How could I live  
Why would I try  
I could learn to live without you  
While that's a lie  
No giving in, no saying goodbye  
All comes down to one thing that all of this means nothing without yo  
u  
I won't give up, I give in, no, cause you know I won't let you down  
How could I live  
Why would I try  
I could learn to live without you  
But I would die  
No giving in, no saying goodbye  
All comes down to one thing that all of this means nothing without yo  
u  
Why would I try  
I could learn to live without you  
But I would die  
No giving in, no saying goodbye  
All comes down to one thing that all of this means nothing without yo  
u  
That all of this means nothing without you
