

Our Love Will Never Go

Bo Diddley

One kiss from your lips
Set my soul on fire
The touch of your hand
Drives me wild
Now, I'll know, oh, ooh, ooh
Our love will never grow

So darling, as I lay here in my bed
Dreaming and thinking
All the things you said
Now, I know, oh, ooh, ooh
Our love will never grow

So give me one chance to prove my love
I'll do anything for you
Your love, I'll love
I, I, I know, our love will never grow

One kiss from your lips
Drives me wild
Sets my soul on fire
