

## Willie And Lillie

Bo Diddley

Willie and Lillie used to live on a hill  
Wasn't for rock n' roll, Lillie be there still  
Rock her own little rock-a-billys  
Made me lose a-my sweet, little, Lillie

Forty days, forty nights  
Still no Lillie in sight  
Up on the mountain like a jack  
Hollin' an howlin' 'til Lillie, come back  
Up on the mountain I was facin' the moon  
Ev'ry little star tell me be Lillie, soon

Up on the mountain at the general store  
Willie's mama bought him a hi-fi, his very own  
On up the road, Willie strolled  
Just about the time Lillie knocked on the do'

She said, "Hello, Willy I love you so"  
He said, "Hello, Lillie why did you go?"  
She said, "A-hello, Willie I ain't gon' leave no mo"

He said, "Hello, Lillie I love you, so"  
"Hello, Willie, I love you, so"  
He said, "A-hello Lillie"
