

# Elephant

Boa

If I was to hold one hand over my face now  
Would you know me?  
Or would you see the other side of me?  
And if you were to notice  
There is a plan I've been devising  
To go, to go now, far away from here  
And I gonna be so brave  
And I gonna go so far away

Where are the wise men?  
Where have they all gone to  
Did they follow the spirit children  
Down the road that only they know?  
And you and I know that the answer lies  
Somewhere deep in the city of skies  
We're gonna go there  
We're gonna go there  
We're gonna see the daylight  
And I, gonna fly away now  
And I, gonna go where the path runs high

Oh, I'm searching, Oh yeah.

I'm gonna go there, I'm gonna travel  
I'm gonna see my through and  
You can follow  
We can go together  
Trunk in hand we're gonna go

Isn't it touching the way the trees hold the leaves  
Into the sky  
And when the breeze blows  
All you can see is the green and gold  
You and I know that the city holds, the street night lights  
And we're gonna find it  
We're gonna find the gold that illuminates our lives  
And I, gonna go so far away  
And I, gonna see the stars up high

Hear me out, hear me out  
I'm searching  
Hear me out, yeah

We can go there, we can travel  
Over the motorway, over the valley  
All the way there with your gentle spirit  
I am not afraid  
With your gentle spirit  
I am not afraid  
I am not afraid  
I am not afraid  
I am not afraid
