

Gracious Days

Boa

Let's stop hurting each other and bumping heads
To test each other

My eyes reflect my dreams and longing
There's no way you'll miss...this unwavering feeling

Wish always gracious days, treasure the tenderness
That grows day by day
It doesn't matter if your style is skilful or clumsy
We're bound to have the courage, ah...
To grab our own respective happiness
Come on, let's make some noise, you and me, about this love

A treasure locked in the drawer of my heart
That enveloped my sadness and loneliness

Sometimes you'll stop, sometimes you'll keep going
But don't forget the strength to see it through

Wish always brand new days, we only live once
So let's paint it in a new colour
Make, whether it's near or far
We're sure to get there
When the long night ends and I find the morning light
A new world is waiting, ah...for me

Wish always gracious days, treasure the tenderness
That grows day by day
It doesn't matter if your style is skilful or clumsy
We're bound to have the courage, ah...
To grab our own respective happiness
Come on, let's make some noise, you and me, about this love

Wish always gracious days let's feel everybody now

It's never-ending place I wish...with you forever

Wish always gracious days let's feel everybody now

It's never-ending place I wish...with you forever
