

# End Of The World

Bob Catley

We travelled this way  
So many times before  
We've found this pain  
Longer than I could remember  
Stronger than we could endure  
It's hard to believe  
That anything could change  
It could just stay here  
And hide in the shadows  
Pray for the dawn to come  
Once more

Are you ready to leave  
Leave all memories behind  
Are you ready to fly  
Reach out for the sky  
Are you ready to leave  
Leave your nightmares behind  
Are you ready to follow me  
To the end of the world  
The end of the world  
The end of the world

You came to me  
As no surprise  
Everything we've been told  
Every promise  
Was built up on lies  
It's time to move on  
Leave it all behind  
Never-ever is here  
What we'll ever will miss  
Don't ever revive  
Again

Are you ready to leave  
Leave all memories behind  
Are you ready to fly  
Reach out for the sky  
Are you ready to leave  
Leave your nightmares behind  
Are you ready to follow me  
To the end of the world  
The end of the world  
The end of the world

Are you ready to leave  
Leave all memories behind  
Are you ready to fly  
Reach out for the sky  
Are you ready to leave  
Leave your nightmares behind  
Are you ready to follow me  
To the end of the world  
To the end of the world

Are you ready to leave

Leave all memories behind  
Are you ready to fly  
Reach out for the sky  
Are you ready to leave  
Leave your nightmares behind  
Are you ready to follow me  
To the end of the world  
The end of the world  
The end of the world
