

# Heat Of Passion

Bob Catley

Going to give up my evil ways  
Never go back unto those days  
When the hate was stronger  
That everything else

I'm not the guilty one here  
I'm not the one that you should fear  
Oh, no, can't you see the truth  
Can't you see that I'm the one who is betrayed

Oh, no

Going to prove I'm innocent  
I'm going to show that I never meant  
To harm a living soul  
Not a single living soul

I'm not the guilty one here  
I'm not the one that you should fear  
Oh, no, can't you see the truth  
Can't you see that I'm the one who is betrayed

I'm not the one to blame  
You and I are the same  
Every single sin  
Was made in the heat of passion  
I know who you are  
We fight the same war  
Every single crime  
Was made in the heat of passion

Oh, no

Feeling all those judging eyes  
They all say I'm just telling lies  
You will never understand the truth  
Realise who I am

I'm not the guilty one here  
I'm not the one that you should fear  
Oh, no, can't you see the truth  
Can't you see that I'm the one who is betrayed

I'm not the one to blame  
You and I are the same  
Every single sin  
Was made in the heat of passion  
I know who you are  
We fight the same war  
Every single crime  
Was made in the heat of passion

I'm not the guilty one here  
I'm not the one that you should fear  
Oh, no, can't you see the truth  
Can't you see that I'm the one who is betrayed

I'm not the one to blame  
You and I are the same  
Every single sin  
Was made in the heat of passion  
I know who you are  
We fight the same war  
Every single crime  
Was made in the heat of passion

I want to believe  
You and I are the same  
Every single sin  
Was made in the heat of passion  
I know who you are  
We fight the same war  
Every single crime  
Was made in the heat of passion
