

Blowfish

Bob Geldof

I been drinking like a blowfish Drinking 'til my throat is dry
I been drinking like a blowfish Drinking 'til my mouth is dry

If I drink enough already Lord I won't even hear you cry

I been eating like a monkfish Cos my stomachs got a hole I been
eating like some monkfish Just a little feeds my soul

Yeah, I been gnawing like a dogfish Chewing on that cancer bone

You're sick and tired of me, baby I can't even stand myself You
're sick and tired of me, baby I can't stand it myself

You see, the monkfish took my halo And the blowfish took my breath
