

# My Hippy Angel

Bob Geldof

All the birdies swimming in the sea  
All the fishies hanging in the trees  
All the people down on their knees  
Rise up as one and sing  
And in the middle of my troubled sleep  
My hippy angel came to me  
Saying chill out, be cool, stay free  
I said I'm not sure what you mean  
And she said

Love is all around  
It's coming up from under the ground  
Live like radiation  
Radiate across the entire nation  
Love for you and me  
Moving out across the EEC  
Love it goes so far  
Travelling out across the USSR  
Loving going all the way  
Stretching right across the USA  
Love in Asia Minor  
Africa, India, Australia and China  
Come on

All the people in their cardboard boxes  
The old and lonely in their tower blockses  
The frightened ones who need some calm  
My hippy angel said we all must chant  
And all the birdies swimming in the sea  
And all the people hanging from the trees  
And all the fishies down on their knees  
Rise up as one and sing  
Love is all around

She must be mad.
